

The Young Ones by Cliff Richard

Verse 1: **G** **Em**
The young ones, darling we're the young ones
 G **Em**
And the young ones, shouldn't be afraid
 G **D**
To live, love
G **C**
 While the flame is strong
 G **D**
For we may not be the young ones
 G
Very long

Verse 2: **G** **Em**
Tomorrow, why wait until tomorrow
 G **Em**
'Cause tomorrow, sometimes never comes
 G **D**
So love, me
G **C**
 There's a song to be sung
 G **D**
And the best time to sing it
 G **G7**
Is while we're young

Bridge: **C**
Once in every life time
 G
Comes a love like this
 A7
Oh, I need you, you need me
 D **D7**
Oh my darling can't you see

Verse 3: **G** **Em**
The young dreams, should be dreamed together
 G **Em**
And young hearts, shouldn't be afraid
 G **D**
And some, day
G **C**
 When the years have flown
 G **D**
Darling then we'll teach the young ones
 G
Of our own
